10. Miscellaneous

Maps accompanying TMP report

- Street Closures / Parking Restrictions
- Car parks - Permit Holders, Universal Parking, Public Car Parks, Private Parking
- Park & Ride Bus Routes
- Emergency Routes for Fire & Ambulance Services

Note: The proposed road closures contained within this Traffic Management Plan will be the subject of a separate order under Section 75 of the Roads Act 1993 (Temporary Closing of Roads).

1.1 General Traffic Management:

With the closure of many town centre streets and a significant increase in traffic in the greater Ennis area, it is critical that the main thoroughfares around the town are kept clear of obstructions at all times and that optimum use is made of these streets/roads.

The following traffic types will have to be facilitated during the Fleadh:

- Emergency services – They will have access to all areas at all times
- Through traffic – M18 bypass and N85 Relief Road to points west of Ennis. In this regard it is of utmost importance that the N85 Relief Road is used to maximum capacity.
- Local traffic – those travelling to work/shops/business and residence in and around the Ennis town area.
- Inner Ring Road: Clare Rd-Carmody St-Cornmarket St-Mill Rd/Highfield Rd-Gort Rd-Lifford Rd-Tulla Rd-Clonroad-Clonroadmore-St Flannans Tce.
- Key Link Roads: Gort Rd-Tulla Rd-Quin Rd-Clare Rd-Kilrush Rd-Showgrounds Rd-Drumbiggle Rd- Circular Rd-Cusack Rd.
- Fleadh Traffic – to be diverted to and accommodated in designated Fleadh car parks where possible.
- All traffic on the inner ring road to be encouraged to drive in a clockwise direction. This to be achieved by only allowing right turns at roundabouts on the ring road. The exception to this will be Ardlea Road accessing from the Clare Road.

All barriers and junctions with restrictions will be controlled and the personnel in charge will have direct contact with the Event Manager/Fleadh Office/Security/Nominated Contacts in all Emergency Services and Clare County Council

A number of Garda Traffic Motorcyclists will be designated to specific areas to ensure that no obstructions take place, to take action when and where necessary to alleviate traffic congestion and to ensure that all routes remain clear and readily available for use at all times by the emergency services.

A number of tow truck operators will be on 24hr stand-by to assist An Garda Síochana and Clare County Council Roads Dept. in removing illegally parked vehicles during the Fleadh week. Such vehicles will be stored at secure location.

1.2 Emergency Routes and Public Transport:

Emergency services will have access to all routes at all times in the event of an emergency. All junctions that are cut off or with limited access with barrier controls will be manned by 2 persons at all times and the person in charge of the junction will have communication with all other manned junctions, all Emergency Services, the Event Manager, Fleadh Office and Clare County Council

1.2.1 Fire Services:

(a) The main fire services emergency response route for incidents occurring on the Northern side of the town is as follows:

- *New Road - Clonroad - Lifford Road - Gort Road,*

The main fire services emergency response route for incidents occurring on the Western side of the town is as follows:

- *New Road - Clonroad - Lifford Road - Gort Road - Highfield Rd - Mill Road Roundabout (J9) (for Lahinch) - Carmody St. Junction (J8) for (Milltown Malbay) Junction (J4) (for Kilrush)*

The main fire services emergency response route for incidents occurring on the South and East side of the town is as follows:

- *New Road – Clonroad - Station Road Roundabout (J17) - Captain Mac's Cross (J1) (for Limerick)*

These routes may be viewed on attached plans.

Parking restrictions will apply along most of the aforementioned streets in order to ensure free flow of traffic during the Fleadh.

1.2.2 HSE National Ambulance Service (NAS):

The HSE National Ambulance Service has a statutory obligation to respond to all 999/112 calls and will require access to all areas within the restricted traffic zones.

The main NAS Base in Ennis is situated on the grounds of Ennis General Hospital however not all NAS responses may originate from this point.

If the NAS response is originating from Ennis General Hospital: (Latitude 52.8509 Longitude -8.9828)

The main NAS emergency response route for incidents occurring on the Northern side of the town is as follows:

- *Exit onto Gort Road, turn left, at Junction J11 take 3 exit (North to Barefield)*

The main NAS emergency response route for incidents occurring on the Eastern side and Southern side of the town is as follows:

- *Exit onto Gort Road, turn right, at Junction (J12) take first exit, travel along Lifford road, at Junction (J13) take first exit onto Tulla Road.*
- *Exit onto Gort Road, turn right, at Junction (J12) take first exit, travel along Lifford road, at Junction (J13) take second exit onto Clonroad travel along Clonroad to Junction (J17) take first exit onto Quin Road.*

- *Exit onto Gort Road, turn right, at Junction (J12) take first exit, travel along Lifford road, onto Clonroad and Clonroad More to Junction (J1) take first exit onto Limerick Road.*

The main NAS emergency response route for incidents occurring on the Western side of the town is as follows:

- *Exit onto Gort Road, turn left, at Junction J11 take first exit travel along Highfield, at Junction (J 9) take third exit onto Lahinch Road.*
- *Exit onto Gort Road, turn left, at Junction J11 take first exit travel along Highfield, at Junction (J 9) take second exit onto Carmody St. at Junction (J8) turn right onto Circular Road continue on to Milltown Malbay road.*
- *Exit onto Gort Road, turn left, at Junction J11 take first exit travel along Highfield, at Junction (J 9) take second exit onto Carmody St. at Junction (J4) turn right onto Kilrush Road.*

In the event a response from NAS does not originate from Ennis Hospital, NAS resources will approach the Inner Ring Road from Kilrush Road, Lahinch Road, Gort Road, Tulla Road, Quin Road, Limerick Road as appropriate

In the event of a 999/112 call originating within the Inner Ring Road (cordon) during Fleadh times the NAS will dispatch a response as per normal procedures and also contact Event Control (at designated Number) to notify the Event Medical Co-ordinator of the call and/or to seek assistance from appropriate responders on duty at the event and ensure access and egress routes are maintained. During specified times there will be a NAS Liaison Officer on duty in Event Control who will liaise with NEOC.

Medical Provision by Fleadh Organisers:

A number of mobile ambulance units engaged by the Fleadh organisers will be stationed within the town centre at peak periods during the Fleadh at locations (proposed by the medical co-ordinator and detailed in the medical plan).

Central Control for the mobile ambulance service is at Maria Assumpta Hall, Station Road, Ennis. Secondary ambulance locations are at Bank Place (2 no.).

Emergency Helicopter landing area located at the Gael Scoil, Gort Road Ennis (see dwg.)

All of these stations will have access onto the inner ring road which gives access to the main access roads into and out of town, the N85 by-pass and the M18 Motorway

Event Control Manager in conjunction with the Gardai will ensure that the relevant access routes are kept clear in so far as possible for all emergency services.

1.2.3 Public Transport:

All roads and road closure times in and around the town are identified on the map. Some roads will be closed for the entire duration of the Fleadh while others will be closed at specific times. There will be restricted access in and around the town and some one way systems will be in operation during the Fleadh.

The section of road from junction J12 (Kelly's Corner) along Steele's Terrace to junction 'X' (at the New Road junction) on to junction 'Y' at the Club Bridge will be a one way system, The section of road from junction J14 (Clonroad) along New Road on to junction 'W' and on to junction 'X' will be a one way system. The section of road from junction 'Y' (at the Club Bridge) on to junction 'Z' (at Bindon Street) will be a one way system. The section of road from junction 'Z' (Bindon Street) on to junction J9 (Maid of Erin) will be two way. (These sections of road will be known as the Scoil Eigse Roads).

This shall come into effect on Sunday 14th Aug at 7pm. until Tuesday morning 23rd Aug at 8 am

The section of road from 'W' to 'X' (CBS to Steele's Rock) along New Road will be closed from Thursday 18th Aug at 5.pm to Tuesday 23rd at 8am. The section of road from 'X' to 'Y' (Steele's Rock to the Club Bridge) will be reduced to single lane traffic with the centre lane being retained for vehicular traffic. This lane is to be cordoned off using traffic control barriers with a manned crossing point at the junction with College road and at the Club Bridge.

Only emergency services, local residents, persons using public transport, universal permit holders and adjudicators for the Fleadh will have vehicular access along the Scoil Eigse roads.

Public transport units that are suitable for people with limited mobility and universal access permit holders will be allowed inside the cordoned off areas, to allow for a more centralised drop off zone and to limit the distance of travel to venues for their passengers. (See maps for universal parking/drop off areas within the inner ring road)

1.3 Street Closures, Access and Parking Restrictions:

Numerous street closures and traffic restrictions will be necessitated throughout the week of the Fleadh event. Some traffic restrictions will be in place from Friday the 12th August however most street closures, traffic and parking restrictions will take effect from Thursday 18th August to Tuesday 23rd August 2016. It is noted that closures and restrictions may be extended depending on visitor numbers, pedestrian volumes and levels of activity in and around the Town Centre and at the discretion *of An Garda Síochána.*
